Open Studios in Kingston has gone from strength to strength in the past twelve years since it began.

Open Studios is a nationwide scheme, created to support the work of artists within the local community, with the aim of promoting accessibility to art and artists. Visits are free of charge and artists are happy to talk about their creative process. Works of art are for sale but there is no obligation to buy, the focus is on enjoying your visit.

This is a perfect opportunity for you to meet local artists, see their work and discover the techniques they use and the passions that inspire them.

As an added dimension some exhibitors will be holding workshops or giving demonstrations of their techniques. See the catalogue for details of where and when.

KINGSTON

Kingston Artists Open Studios (KAOS) is an unfunded, voluntary group set up and run by local artists to promote the visual arts in the borough of Kingston.

Established in 2010 we are open to artists, sculptors, ceramicists, printmakers, photographers and other crafts people living or working in or around Kingston.

Our biggest event is the annual Open Studios, but we also hold regular group exhibitions further afield. In 2019 members exhibited in Oldenburg, Cologne, Venice, the Venice Biennale, Bermondsey, Mayfair and Richmond.

In October 2022 KAOS will hold a joint exhibition in Fitzrovia Gallery, Bloomsbury, with artists from Kingston's twin town of Oldenburg, Germany.

To find out more about KAOS and how to join please visit our website: kingstonartistsopenstudios.co.uk

RICHMOND

This year we are delighted to have been joined by artists, ceramicists, sculptors, printmakers and photographers from across the borough of Richmond who are exhibiting their work in Teddington, Twickenham, Hampton, Whitton, central Richmond and East Sheen.

How to use this catalogue

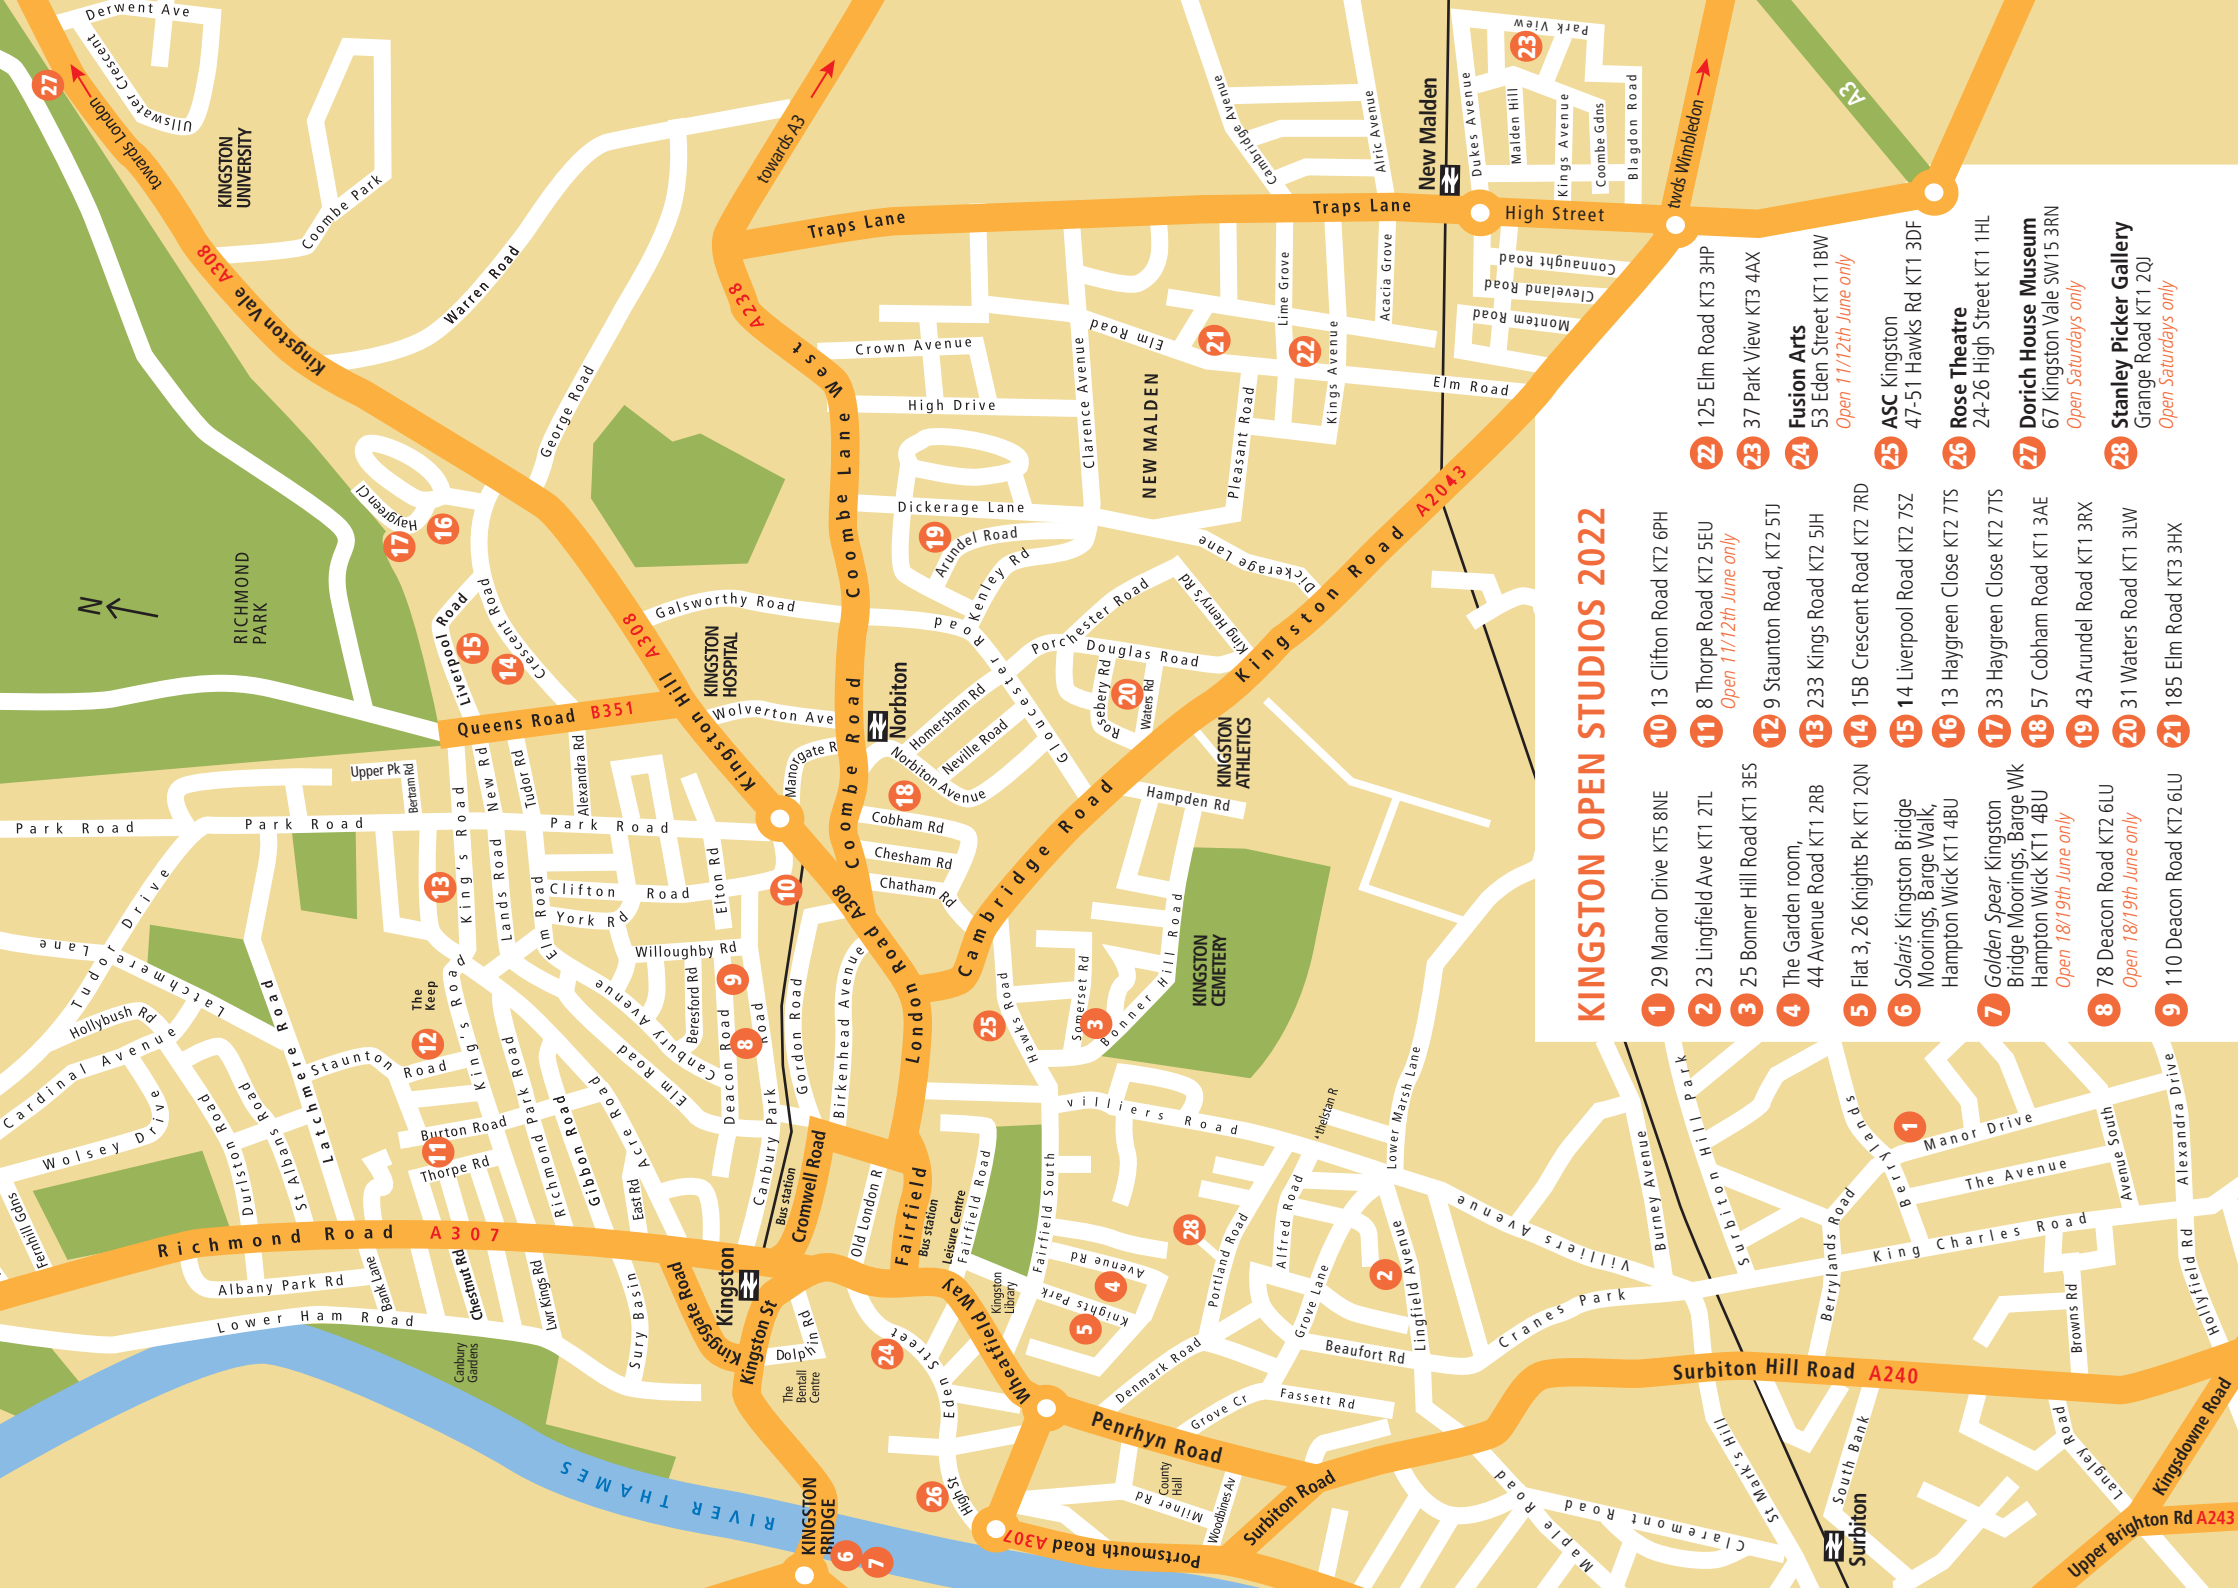

- Each of the boroughs of Kingston and Richmond has its own trail map (found overleaf)

- The venues in each borough are numbered and identified with a full postal address and postcode

- In the subsequent pages all artists exhibiting in each venue are listed with contact details and a corresponding numbered image of their work

- Don't forget to visit the taster KAOS exhibition at the Rose Theatre (venue 26)

Summer Garden Party at Dorich House Museum Saturday 18 June 2022, 4-8pm

Please join us for refreshments and live music to celebrate Open Studios 2022, and the conclusion of our Studio Residency with artist Nadia Hebson.

Dorich House Museum is the former studio home of the sculptor Dora Gordine and her husband the Hon. Richard Hare. The building was completed in 1936, to Gordine's design, and is an exceptional example of a modern studio house.

Nadia Hebson

Dorich House Museum Studio Residency to July 2022

Nadia Hebson works obliquely with the legacy of women artists. Through her practice Hebson has sought to comprehend the relationship between painting, biography, persona and clothing, through a consideration of the work of Winifred Knights 1899-1947 and Christina Ramberg 1946-1995. Hebson's practice spans the medium of painting, sculpture and relief and text which can be subjective, poetic, or academic in tone. Alongside this, Hebson also works collaboratively to realise talks and programmes.

Maeve Brennan – Stanley Picker Gallery Fellow appointed 2019
Onsite exhibition 'An Excavation' 5 May-9 July 2022

'An Excavation' by Maeve Brennan is a new body of work derived from her long-term research project The Goods (2018-ongoing). Carried out in collaboration with forensic archaeologist Dr Christos Tsirogiannis, this multi-disciplinary project takes an in-depth look at the international traffic in looted antiquities. The exhibition will also launch Illicit Antiquities Network, an ambitious digital project developed throughout Brennan's Stanley Picker Fellowship. Maeve Brennan is an artist and filmmaker, based in London and is currently participating in British Art Show 9.

Cambrian Drawing Group

This exhibition of dynamic still-life pictures by the Cambrian Drawing Group is a celebration of emerging from Covid.

The group attracts graduates, complete beginners and everyone between from the local community and further afield. Students are taught the traditional drawing skills of perspective, line, tone, composition and colour theory.

Cambrian Papiermachistas

Fantastical figures by the Papiermachistas are on show.

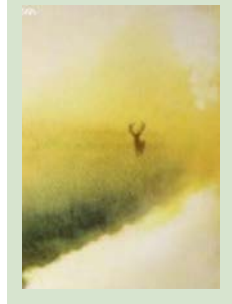

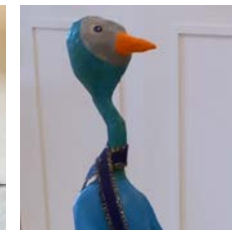

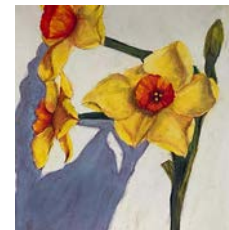

These papiermache sculptures have been inspired by the Mexican tradition best known for the Day of the Dead figures. They are made with flour and water paste, recycled papers, wire and other salvaged bits and pieces.
